

Npcap OEM Redistribution License Agreement

This document (“**Agreement**”) documents the rights granted to purchasers of the Npcap OEM Redistribution License product. Licensor is Insecure.Com LLC (“**Insecure**”), also known as the Nmap Project. Specific terms are in double quotes and bolded when defined, and then capitalized in subsequent uses. Selected options are marked with “XX”. All amounts are in U.S. Dollars. This Agreement takes precedence over any EULA displayed by the Npcap installer. If a separate Npcap OEM redistribution contract is signed by both Licensor and Licensee for the same Covered Products, that contract takes precedence over this Agreement.

Insecure is hereby offering these Agreement terms to Licensee. Licensee may accept these terms in writing or by paying the specified License Fees or issuing a purchase order to pay the License Fees. This offer is void if Licensee has not accepted it within four (4) months of the Effective Date.

1. License Configuration Selections

Licensee Name (“**Licensee**”): _____

Licensee Domain Name (for further identification): _____

“**Effective Date**”: _____

“**Current Version**” of Npcap OEM: _____

“**Covered Products**”: _____

“**License Structure**”:

Perpetual (if checked, this is a “**Perpetual License**”)

“**Perpetual License Fee**”: _____

“**Initial Maintenance Period**” (for updates & support, starting on Effective Date): 1 year

“**Initial Maintenance Fee**”: \$0

Optional “**Annual Maintenance Fee**” (after Initial Maintenance Period): _____

Annual (if checked, this is an “**Annual Term License**”)

“**Annual Fee**” (includes distribution rights, updates & support): _____

(Annual Fee is due on every anniversary of the Effective Date until terminated)

“**Initial Payment Status**”:

Fully paid Payment due by (“**Payment Date**”): _____

2. Delivery

Maintenance Purchased

If checked above, an initial period of maintenance (updates and support) is included with this license and Insecure has created the following credentials for Licensee to download the latest Npcap OEM Edition releases:

URL: <https://nmap.org/npcap/oem/dist/?C=M&O=D>

Username: [USERNAME]

Password: [PASSWORD]

Licensee may use these credentials to download any Licensed Version of Npcap OEM, including new versions released during the Maintenance Period. Also during the Maintenance Period, Licensee may access commercial support at support@nmap.com (see Article 8 for further details). Npcap documentation is available at <https://npcap.org>. We hope you enjoy Npcap OEM!

___ Maintenance Declined

If checked above, Licensee has declined all maintenance, including product updates and commercial support. This license still provides a perpetual license for Licensee to redistribute the Current Version of Npcap OEM, and we have placed a copy for you at:

[https://nmap.org/npcap/oem/dist-release/\[FILENAME\]](https://nmap.org/npcap/oem/dist-release/[FILENAME])

Licensee may use this URL to download Npcap OEM at any time. We hope it works out very well for you! And should you decide in the future that you do want product updates or commercial support, please contact sales@nmap.com for a quote. You can read about the latest product improvements at <https://npcap.org/changelog>.

3. Definitions

“Covered Products” (as specified in Article 1) is the set of products which Licensee is permitted to redistribute with Npcap OEM per the terms of this agreement. Covered Products remain covered even if they are rebranded or renamed in the future. New products are still covered as long as they meet the Covered Products description in Article 1.

“License Fees” consist of the Perpetual License Fee, Initial Maintenance Fee, and optional Annual Maintenance Fees for Perpetual Licenses, or the Annual Fee for Annual Term Licenses. If any of these fees are listed as “Reseller”, this sale is through a reseller (**“Reseller”**) and the exact amounts payable has been worked out separately between Reseller and Insecure. Similarly, the amount charged to Licensee by Reseller for the software is negotiated between those two parties.

“Licensed Versions” is the set of Npcap OEM versions that Licensee is permitted to use and redistribute under the terms of this license. This includes the Current Version (as specified in Article 1) of Npcap OEM, plus any later versions released during the Maintenance Period. Versions of Npcap OEM older than Current Version are included in Licensed Versions and may be used, though we recommend using the latest version available to Licensee instead.

“Maintenance” is the Updates and Support provided during the Maintenance Period.

“Maintenance Period” is the period of time during which Licensee is entitled to Updates and Support. For Perpetual Licenses, this period starts on the Effective Date and continues through the Initial Maintenance Period, then includes subsequent years for which the Annual Maintenance Fee is paid. The Perpetual License Maintenance Period ends when Maintenance or the license itself is terminated per Article 5 (normally because Licensee elects to terminate Maintenance for convenience, per Section 5.3a). For Annual Term Licenses, the Maintenance Period starts on the Effective Date and continues until terminated per Article 5 (normally because Licensee elected termination for convenience per Section 5.3b).

“Npcap Technology” or simply “Npcap” or “Npcap OEM” describes the OEM edition of the Npcap packet sniffing driver and library for Windows which is developed and distributed by Insecure at <https://nmap.org/npca/oem/>.

“Renewal Notification” is the first invoice or quote or message sent to Licensee pursuant to an impending (or past due) renewal of an Annual Term License.

“Support” is the technical support provided by Insecure to licensees during the Maintenance Period, as described in Article 8.

“Updates” are the new releases and improvements made to Npcap and provided to licensees during the Maintenance Period, as described in Article 9.

4. Payment

4.1 General payment terms. In consideration of Insecure’s provision and license of Npcap hereunder, Licensee shall pay License Fees to Insecure.

4.2 Initial Payment. If Initial Payment Status is marked as “Fully Paid”, then Insecure has already received payment for the initial License Fees. For Perpetual Licenses, this would be the Perpetual License Fee and Initial Maintenance Fee. For Annual Term Licenses, this would be the first year’s Annual Fee. If not marked “Fully Paid”, these payments are due by the listed Payment Date. If the Payment Date is listed as “Reseller”, this sale is through Reseller and the payment date has been worked out separately between Insecure and Reseller. Similarly, Licensee and Reseller will work out their own payment terms.

4.3a Renewal and Maintenance Payments for Perpetual Licenses. If this is a Perpetual License, Licensee has the right (but not requirement) to pay the Annual Maintenance Fee at the end of the Initial Maintenance Period and then following each renewal date thereafter. Renewing extends the Maintenance Period, thus continuing Licensee’s entitlement to Updates and Support. Licensee’s option to renew for the set Annual Maintenance Fee lasts for a grace period of 120 days after the expiration of the previous renewal or Initial Maintenance Period. If Licensee has not paid by the end of that grace period, Maintenance is considered permanently terminated for convenience per Section 5.3. Any renewal after such termination is subject to agreement by Insecure, and the price may be higher. Unless otherwise agreed between the parties, any renewal starts on the end date of the previous renewal or Initial Maintenance Period.

4.3b Annual Term License Renewal. In addition to the initial payment described in Section 4.2, Licensee shall pay the Annual Fee by each anniversary of the Effective Date unless Licensee elects to terminate its Npcap distribution, update, and support rights by notifying Insecure as described in Section 5.3b. Renewal is automatic to protect Licensee from unintended loss of Npcap rights due to accidental failure to renew, but Licensee always has at least 30 days after Renewal Notification to decline renewal by terminating the license as described in Section 5.3b.

5. Term and Termination

5.1 Term. The term of each license granted hereunder (“Term”) shall be perpetual, unless terminated as provided for by this Article.

5.2 License Breach. Either party may, without prejudice to any other remedy they may have, terminate this Agreement in the event of any material breach of this Agreement by the other party which isn’t remedied within thirty (30) days after notifying the breaching party. The notification must fully describe the breach and declare intent to terminate the Agreement if not remedied. If this license is purchased through a reseller, failure of Reseller to pay any amount due shall be treated as a breach by Licensee and may be remedied through payment by either Licensee or Reseller.

5.3a Perpetual License Termination of Maintenance and Support for Convenience. Licensee may terminate Maintenance and cease paying future Annual Maintenance Fees on a Perpetual License by providing notice of its intent to do so to Insecure. After such a termination, Licensee is no longer entitled to Npcap support or any updates or new version releases made available after termination. This election to terminate Maintenance does not constitute termination of the Agreement as a whole. Terminating Maintenance and Support does not relieve Licensee of the obligation to pay any amounts already due as of the termination notification date. If Licensee chooses to terminate Maintenance before their current annual Maintenance Period ends, no pro-rated refund is provided, but Maintenance rights continue until the term ends. Termination of Maintenance and Support for Convenience is also automatically effected if Licensee fails to pay for Maintenance renewal during the grace period specified in Section 4.3a. If Licensee declines to buy any Maintenance with their license, it is considered terminated as of the Effective Date per the terms of this Section. If Licensee terminates Maintenance then decides later that they do want support and/or updates after all, they should contact sales@nmap.com for a quote.

5.3b Annual Term License Termination by Licensee for Convenience. Licensee may terminate their Annual Term License and cease paying the Annual Fee by providing written notice to Insecure by the due date. Such termination will take effect on the Annual Fee due date following the termination notice, or when the current paid-up Annual Fee period ends, whichever is later. After such a termination becomes effective, Licensee is no longer entitled to redistribute Npcap OEM or use any updates made available after termination. Rights already granted to existing end user customers are unaffected per Section 5.6. No refunds of previously paid Annual Fees are provided upon termination, but those license and support rights continue for their original duration and no further payments will be due. If Insecure has not provided a Renewal Notice at least 30 days prior to the due date, then Licensee has until 30 days after the Renewal Notice to elect termination and avoid paying the relevant Annual Fee. In that case the termination will be retroactively effective as of the original due date.

5.4 Trial Period Termination with Refund. Licensee may terminate this Agreement for any reason during the first six (6) months from the Effective Date by notifying Insecure of that election. Within 30 days from that notification, Insecure will provide a full refund of all money paid by Licensee, including any Perpetual License Fee and Initial Maintenance payments (for Perpetual Licenses) or Annual Fees for Annual Term Licenses. Licensee may not redistribute Npcap in any form after electing termination, though rights already granted to existing end user customers are unaffected per Section 5.6.

5.5 Cessation of Use. Upon termination of this Agreement for any reason, Licensee must cease using and redistributing Npcap except as permitted by any other Npcap rights they may have through other agreements.

5.6 End User License Agreements Unaffected. Upon termination for any reason, all end user license agreements previously granted by Licensee in compliance with this Agreement remain valid and unaffected.

6. License Scope

6.1 Duplication and Distribution by Licensee. Subject to the terms and conditions of this Agreement, Insecure grants Licensee a non-exclusive, worldwide, non-transferable, license to use, reproduce, distribute, and display Npcap as necessary or desirable to incorporate and adapt Npcap into the Covered Products, and to update, market, and distribute those products to end users. Licensee may distribute to end users directly, or through multiple tiers of distribution, including resellers, distributors, VARS and OEMs. Licensee may not distribute Npcap by itself (outside of Covered Products) to the general public (e.g. at a publicly known URL without authentication). Such standalone distribution is allowed as long as reasonable attempts are made to limit distribution to actual customers and known potential customers.

6.2 License of Npcap to End Users. Licensee may grant to end users the right to use Covered Products. Licensee may not permit end users to sublicense or externally redistribute Npcap in whole or in part, except as allowed by copyright provisions such as the first sale doctrine and principal of exhaustion.

6.3 Modifications. During the Term, Licensee shall have the non-sublicensable right to modify, add-on to, or enhance Npcap for the purpose of creating the Covered Products and shall own all rights thereto; provided, however, that to the extent that such a modified product constitutes a “derivative work” as defined by 17 U.S.C. 101, Licensee’s rights therein shall remain subject to this Agreement. If the Npcap driver or DLL files are modified and externally redistributed, they must be renamed so it is clear that this is not a stock version of Npcap as built and distributed by Insecure.

6.4 Internal Use. Licensee may use Npcap internally for purposes related to development, distribution, testing, and usage of the Covered Products. If Licensee wishes to use Npcap internally for reasons unrelated to the Covered Products, Npcap OEM internal-use licenses are available at <https://nmap.org/npcap/oem/internal.html>. The Npcap open source license also allows some limited free internal-use of Npcap.

6.5 No Unlicensed Use. Licensee may not redistribute Npcap, in whole or in part, except as expressly permitted under this (or another existing) Agreement.

7. Proprietary Rights

7.1 Ownership. The copyright, patent, trade secret, and all other intellectual property rights of whatever nature in Npcap, and all copies thereof, partial or complete, in all media and whether or not merged into other materials, are and shall remain the property of Insecure, and nothing in this Agreement shall be construed as transferring any aspects of such rights to Licensee or any third party.

7.2 Use of Npcap Trademark. Npcap” is a trademark of Insecure. Licensee may use the Npcap trademark and logos to identify its use of Npcap in the Covered Products.

8. Support

8.1 Included Support. During the Maintenance Period, Insecure will provide e-mail and telephone developer support at no extra charge beyond the Initial or Annual Maintenance Fee (for Perpetual License) or the Annual Fee for Annual Term Licenses. This includes troubleshooting and fixing errors in Npcap and/or generating work-arounds, as well as providing advice relating to the use and implementation of Npcap in Licensed Product. Custom programming other than fixing errors in Npcap is not included. E-mail to support@nmap.com is the preferred form of support, and Insecure may not have staff available at all times to take calls. Insecure will use commercially reasonable efforts to respond to any and all developer support requests within twenty-four (24) hours and to resolve the requests as quickly as possible.

8.2 Additional Support. Should Licensee require on-site support or support beyond what is outlined herein, a support fee for such required additional support shall be negotiated in good faith by the parties. Licensee is under no obligation to purchase any additional support from Insecure.

9. Updates

Insecure shall provide updates such as error fixes and enhancements throughout the Maintenance Period at no extra charge beyond the Initial or Annual Maintenance Fee (for Perpetual Licenses) or the Annual Fee for Annual Term Licenses. Updates are announced on the Nmap announcement mailing list. Insecure recommends that at least one employee of Licensee subscribe at

<https://nmap.org/mailman/listinfo/announce>. A list of recent releases and enhancements is available at <https://npcap.org/changelog>.

10. Warranties and Disclaimers

10.1 Non-Infringement. Insecure warrants and represents to Licensee that Npcap does not infringe upon the copyright, trademark, or trade secret rights of any other person or entity. Insecure represents and warrants that it holds the copyrights necessary to extend the licenses described by this Agreement.

10.2 Functionality. For the period of one (1) year following the Effective Date, Insecure represents and warrants to Licensee that the unmodified Npcap shall operate in the manner documented, and covenants that upon notification to Insecure of any errors, Insecure will, during its normal business hours and at no cost to Licensee, use reasonable efforts to correct such errors which are reproducible and verifiable by Insecure. To ensure that Npcap meets Licensee's needs, Insecure has made a demo version freely available for testing at <http://npcap.org>. Licensee is encouraged to test it before executing this Agreement. Insecure also offers full refunds upon request for 6 months from the Effective Date, as described in Section 5.4.

10.3 Warranty Disclaimer. THE WARRANTY SET FORTH BY SECTION 10.2 IS A LIMITED WARRANTY AND IS THE ONLY FUNCTIONAL OR OPERATIONAL WARRANTY MADE BY INSECURE. EXCEPT AS SPECIFICALLY PROVIDED BY SECTION 10.2, INSECURE EXPRESSLY DISCLAIMS, AND LICENSEE HEREBY EXPRESSLY WAIVES, ALL OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. INSECURE DOES NOT WARRANT THAT NPCAP WILL MEET LICENSEE'S REQUIREMENTS OR THAT THE OPERATION OF NPCAP WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT ERRORS IN NPCAP WILL BE CORRECTED. INSECURE'S LIMITED WARRANTY IS IN LIEU OF ALL LIABILITIES OR OBLIGATIONS OF INSECURE FOR DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE INSTALLATION, USE OR PERFORMANCE OF NPCAP.

10.4 Warranties to Third Parties. Any warranty granted by the Licensee to any end users shall be that of Licensee alone, and Insecure shall not be liable to any such person on any cause of action or theory of recovery whatsoever. Insecure shall not be liable to any third party as express or implied third party beneficiary under this Agreement.

11. Third-Party Code License

Npcap incorporates code from the libpcap and Winpcap third-party open source libraries as well as a small open source header file named `ieee80211_radiotap.h`. All three are open source with BSD-style licenses that allow for unlimited use and royalty-free redistribution within other software (including commercial/proprietary software). Some include a warranty disclaimer (relating to the original authors) and require a small amount of acknowledgment text be added to the documentation of any software which includes them (including indirectly through Npcap). Sample acknowledgment text along with full license text of the 3rd party software and source details are all available from <https://npcap.org/src/docs/Npcap-Third-Party-Open-Source.pdf>.

Please note that all Npcap support, warranties and indemnification that we (Insecure.Com LLC) offer include these 3rd party libraries along with all other Npcap code. The warranty disclaimers in their license text just mean that the original library authors and maintainers aren't responsible for that support.

Insecure is not the author of this 3rd party code and cannot waive or modify its copyright license. Therefore, Licensee must be fully responsible for complying with their license requirements (which are fairly minimal) as well as complying with the terms of this Agreement itself.

12. Assignment

Except as provided herein, neither party may assign this Agreement or its rights hereunder without the prior written consent of the other party. Either party may, without consent of the other party, assign this Agreement or its rights hereunder to any successor succeeding to the assigning party's business to which this Agreement relates, provided that such successor assumes all obligations of the assignor under this Agreement. In the event of such an assignment by Licensee, Covered Products (Article 2) status and rights are not conferred to all products of the successor, but only to existing Covered Products and direct derivatives (such as new versions or editions of those products). These Covered Products may be rebranded and/or further developed by the successor while remaining covered by this Agreement.

13. Indemnity And Liability

13.1 Indemnification. Subject to Article 14 and the balance of this Article 13, as Licensee's sole and exclusive remedy for any breach of Section 10.1, or claim relating to infringement matters of any kind, Insecure hereby agrees to indemnify Licensee against any settlement, judgment and reasonable defense costs resulting from a third party claim that Npcap, furnished and used within the scope of this Agreement, infringes any copyright, trademark, or trade secret provided that as conditions of indemnification each of the following is met: (a) Insecure is given written notice of the claim within thirty (30) days of its receipt; (b) Insecure is given immediate and complete control over the defense and/or settlement of the claim, and Licensee fully cooperates with Insecure in such defense and/or settlement; (c) Licensee does not prejudice in any manner Insecure's conduct of such claim; and (d) the alleged infringement is not based upon the use of Npcap in a manner prohibited under this Agreement, or in a manner for which Npcap was not designed; and (e) Licensee shall render to Insecure a full accounting of any amounts for which indemnification is sought.

13.2 Indemnity Limitations. Notwithstanding Section 13.1, Insecure shall have no liability for any claim of infringement based on (a) the use of a superseded or altered version of Npcap if infringement would have been avoided by the use of a current or unaltered version of Npcap which Insecure made available to Licensee, provided that Insecure notified Licensee that superseded version contained a possible infringement, (b) the combination, operation or use of Npcap with software, hardware or other materials not furnished by Insecure, if infringement would have been avoided but for such combination, operation, or use, or (c) Licensee violations of the 3rd party licenses disclosed in Article 11.

13.3 Modification and Replacement. Notwithstanding Section 13.1, if any third party asserts that Npcap infringes a third party copyright, trademark, or trade secret, or if Insecure determines that claim of infringement by a third party is possible, it may, at its election and at no additional license fee to Licensee (a) obtain a license from such third party, (b) modify Npcap so that it is not infringing, or (c) refund the applicable License Fee payment. Upon its election of any such alternative Insecure shall incur no further indemnity to Licensee for any continued use by Licensee of Npcap in prior form.

14. LIMITATION OF LIABILITY

14.1 High Risk Use. Npcap is not designed, manufactured, or intended for use in hazardous environments requiring fail-safe performance where the failure of the software could lead directly to death, personal injury, or significant physical or environmental damage ("**High Risk Activities**"). Use of Npcap in High Risk Activities is not authorized.

14.2 Force Majeure. Neither of the Parties shall be liable for any loss or for any failure to perform any obligation hereunder due to causes beyond its control including without limitation industrial

disputes of whatever nature, power loss, telecommunications failure, acts of God, or any cause beyond its reasonable control.

15. General

15.1 Headings. The headings and captions used in this Agreement are for convenience only and are not intended to be used as an aid to interpretation.

15.2 Severability. The provisions of this Agreement are severable, and if any part of this Agreement is held to be illegal or unenforceable, the validity or enforceability of the remainder of this Agreement shall not be affected.

15.3 Binding. This Agreement will be binding upon and inure to the benefit of the Parties hereto, their respective successors and assigns.

15.4 No Waiver. Failure by either party to exercise any right or remedy under this Agreement does not signify acceptance of the event giving rise to such right or remedy.

15.5 Notices. Notices required or permitted to be given or delivered under this Agreement shall be given in writing and either (a) hand delivered, (b) delivered by mail or courier service with delivery confirmation, or (c) sent by email, as long as the recipient responds to acknowledge receipt.

15.6 Survival. Sections 5.5 (Cessation of Use), 5.6 (End User License Agreements Unaffected); and Articles 7 (Proprietary Rights), 14 (Limitation of Liability), and 15 (General) shall survive the termination of this Agreement for any reason, and continue for such time as they may remain applicable. Articles 10 (Warranty and Disclaimers) and 13 (Indemnity and Liability) shall survive for one (1) year following termination of the Agreement or Section 5.3a Maintenance Termination.

15.7 Amendments. The parties further agree that any amendment, waiver, or other matter relating hereto shall require a document signed by both parties. All amendments or modifications of this Agreement shall be binding upon the parties despite any lack of consideration. When one party is granting a right to the other without any consideration, a document signed by the granting party is valid and binding.

15.8 Entire Agreement. This document, when taken with any Schedules, comprise the entire agreement between the Parties regarding the subject matter hereof and supersede and merge all prior proposals, understandings and all other agreements, oral and written, between the Parties relating to the Agreement.
